U.S. House of Representatives  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
House of Representatives  
Washington, DC 20515

Dear Chair Granger and Ranking Member DeLauro:

I am requesting funding for a project for the University of Georgia's Research Foundation. This helps rural Georgia communities to increase public knowledge regarding healthy brain habits, improve access to diagnosis, and provide support for families living with dementias in rural and medically underserved communities in fiscal year 2024. The entity to receive funding for this project is the University of Georgia Research Foundation. The address is 150 Paul D. Coverdell Center, 500 D.W. Brooks Drive Athens, Georgia 30602. The funding would be used for rural health needs. This project is an appropriate use of taxpayer funds because the University of Georgia is a land and sea grant university public university, has a long history of successful outreach, support, and scientific collaboration in rural Georgia. This project would build up that in the community.

The project has a Federal nexus because it is for the purposes authorized in 7 U.S. Code section 2250.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Lucy McBath  
Member of Congress
